

## QEP Writing Self-analysis Questions

- What aspects of your writing in the project are effective and why do you think they are effective?

I wrote about artificial intelligence that I believe would affect our life in the future, and also this is what I planning on to do for my living in the future. In the project I go through entire artificial basic knowledge that would give a brief understanding of what all different kind of terms means and what they can do, I also focus on the part that I have been doing research on.

- What do you think could be improved in your written project and how could it be improved?

I need a better understanding of how to structure the sentence, also make less grammar mistake

- Briefly describe the process you used to write the project. Do you think the process you used was effective? Why or why not?

I complete the project by going through different kind of small detail than combine them together such as creating bibliography to get all the resources, reference that I need, doing peer review response giving a better understanding of what kind of mistakes I made in the paper and fix them.

- Have you applied anything that you learned in previous WI courses, including English 1100 and 2201 (or the equivalent if taken at another institution), to the writing that you have done in this course? What have you applied and how have you applied it?

I applied all the writing skills that I learn in the previous courses, how to structure the paper and what kind of reference would be important for the paper that I would need. Also reading the key points and knowing when to use them.
